SERVICE FACTOR: for those SRP who have earned at least one year's credit since arriving at the top step of his/her salary schedule.

Such SRP will receive \$.80 per hour longevity plus \$.07 per hour times the # of years of Pasco employment. Example:

2006-2007

Pasco years = 15

Service Factor = \$.80 + \$1.05 = \$1.85 per hour

(Service Factor at \$.07)

2007-2008

Pasco years = 16

Service Factor = \$.80 + \$1.44 = \$2.24 per hour

(Service Factor at \$.09)

Raise = \$.39 PLUS any increase to the top step
