BOARD ECONOMIC COUNTERPROPOSAL #4
March 28, 2019

INSTRUCTIONAL ECONOMIC PROPOSAL 2018-2019

The grandfathered plan and performance pay plan shall refer to the grandfathered salary schedule and performance salary schedule required by Florida Statute 1012.22. A teacher on an annual contract as of July 1, 2014, shall be automatically placed on the performance pay plan described in this proposal. A teacher on continuing contract or professional services contract will be placed on the grandfathered pay plan as described in this proposal as the default. These employees may opt into the performance pay plan if they affirmatively elect to do so and relinquish their continuing contract or professional services contract and agree to be employed on annual contract, as required by law. An employee who relinquishes his/her continuing contract or professional services contract may not return to the grandfathered pay plan or his/her continuing contract or professional services contract.

Accordingly, the Board and Union have agreed to the following:

I. Salaries
   A. Salary Schedules
      1. Salary increases for 2018-2019 will be in compliance with Florida Statute 1012.22 and will be paid according to the performance plan and grandfathered plan as described in this proposal.
      2. $4,324,289 of $4,942,045 will be provided for total instructional salary increases (an overall increase of 2% of the prior year’s instructional salary expenditures). One half of this amount, $2,162,144 of $2,471,022 will be provided for eligible instructional employees to receive a cost of living increase of point-eight seven-five percent (0.75%) one point one percent (1.1%) of their current base pay, exclusive of all supplements. Instructional employees with an instructional seniority date before June 1, 2018, will be eligible for the cost of living increase through the improvements made to the new hire placement schedule described in this paragraph.
      3. The following formula will be used to determine the distribution of the remaining $2,162,144 of $2,471,022 which will be made available for instructional salary increases pursuant to the performance pay plan and grandfathered pay plan.
         a. Define the number of teachers in each base category: Grandfather (GF), PFP Effective (E), PFP Highly Effective (HE). Grandfather equals 1.32 salary factor, PFP Effective equals 1 salary factor and PFP Highly Effective equals 1.33 salary factors.
         b. For the 2018-2019 school year, summative evaluations for 2016-2017 shall be used to determine whether a teacher on the performance pay plan is Effective or Highly Effective. Teachers who are on the performance pay plan who received less than an Effective summative evaluation for 2016-2017 will not be eligible for an increase in salary under the performance pay plan. Teachers who are on the performance pay plan who did not receive a summative evaluation for 2016-2017 will receive one half of the grandfathered salary factor if they worked sufficient days in 2017-2018 to have met the year of service requirement. Teachers who are on the performance pay plan will receive the appropriate increase for earning Highly Effective or Effective as described above if they worked sufficient days in 2017-2018 to have met the year of service requirement. Teachers who are on the grandfathered pay plan will receive the grandfathered salary factor increase if they worked sufficient dates in 2017-2018 to have met the year of service requirement. Teachers who are on the grandfathered pay plan will receive the grandfathered salary factor increase if they worked sufficient dates in 2017-2018 to have met the year of service requirement. Teachers who are on the grandfathered pay plan will receive the grandfathered salary factor increase if they worked sufficient dates in 2017-2018 to have met the year of service requirement. Teachers who are on the grandfathered pay plan will receive the grandfathered salary factor increase if they worked sufficient dates in 2017-2018 to have met the year of service requirement. Teachers who are on the grandfathered pay plan will receive the grandfathered salary factor increase if they worked sufficient dates in 2017-2018 to have met the year of service requirement.
         c. Multiply the number of teachers in each category by the corresponding factor. Using the average salary of the teachers in each respective base category, and the appropriate salary factor listed above, calculate the applicable percentage increase for teachers in each base category. The cost-of-living percentage plus the GF/PFP will result in the overall percentage.
         d. Divide the total amount of funds available by the total teacher factor.
         e. Multiply the amount determined by the factor for each category to determine salary increase.
4. The District will cover the cost of additional required contributions to the Florida Retirement System. For the 2018-2019 school year, the increased contribution amount is approximately $1,457,903. The District will also continue to provide $250,000 for non-recurring one-time supplements for teachers who meet the criteria for differentiated pay categories. Teachers will be eligible for this supplement provided that they are employed in Title One eligible or DDD/F schools or are employed and properly certified in critical shortage subject areas as defined by the District from October 1, 2018 - April 30, 2019. For the 2018-2019 school year, Critical Shortage for the purposes of differentiated pay is defined as: Speech Language Pathologist, Teacher - Autism Spectrum Disorder, Teacher - Emotionally Behaviorally Disabled, Teacher - High School Math, Teacher - High School Science, Teacher - Middle School Math, Teacher – Middle School Science, Certified School Counselor: Elementary, Middle and High, Teacher - Varying Exceptionalities.

 Teachers are eligible to receive a supplement meeting the criteria for Title One eligible or DDD/F but not both. Teachers on the performance pay plan and grandfathered pay plan are eligible for these supplements.

5. The placement schedules contained in Addendum A will be used to place instructional employees hired on or after July 1, 2018, onto the instructional salary range.

6. Following the ratification of this agreement and processing of the salary increases outlined above, all teachers will be provided a copy of their contract that will reflect their base salary for the 2018-2019 year.

7. Instructional employees hired after July 1, 2018, will be paid year round on the 26-pay cycle. Those hired before July 1, 2018, will have the option of remaining on the 22-pay cycle with a lump sum payment at the end of the school year or may choose to enter the year round 26-pay cycle. When an employee moves to a 26-pay cycle, he/she will remain on the year round 26-pay cycle and may not opt back into the 22-pay cycle.

8. Each eligible member of the bargaining unit will receive a non-recurring bonus payment to be determined by the Board and the Union and based upon funds identified as surplus in the Health Insurance program as of June 30, 2018, after all items in Fringe Benefits of this proposal have been addressed.

B. Except as otherwise noted, supplement schedule amounts will remain the same as during the 2017-2018 school year.

C. The payment and increases shown above will be provided retroactively to July 1, 2018, for current bargaining unit members employed on the date of Board ratification. However, such increases will not be provided to bargaining unit members who left the District prior to Board ratification for any reason other than retirement.

D. In addition, should the District’s budgetary status improve during the 2018-2019 school year, the Board and the Union agree to meet to examine the possibility of compensation improvement.

**II. Additional Compensation for Teachers Providing Additional Instruction**

For the 2018-2019 school year, teachers who agree to provide an additional period of instruction beyond what is expected of other teachers at his/her school shall be paid a supplement of $2,250 $5,500 annually, or $2,625 $7,750 on a semester basis, an additional $2 if doing so requires that the teacher give up designated planning time during the student contact day. Full time teachers at Marchman Technical College employed prior to July 1, 1997, shall continue to receive this rate of pay supplement.

The Board and the Union agree to establish a Task Force on Class Size to evaluate and recommend possible remedies for increased instructional responsibilities resulting from unfilled instructional allocations, master schedule issues, and other factors.

**III. Fingerprint Retention Fees**

The Board will continue to pay fingerprint retention fees for teachers, estimated to be $34,806 for the 2018-2019 school year.

**IV. Fringe Benefits**

The Board agrees to contribute $6785.00 (no increase from 2018) per eligible employee, toward the cost of the health insurance benefits package for the 2019 insurance plan year.

The Board’s contribution will be used to pay those premiums associated with the fully-insured benefits contained in the health insurance benefit package, to pay all claims and administrative costs incurred and associated with the self-insured benefits contained in the health insurance benefit package, and to contribute towards the insurance reserve account for the self-insured benefits contained in the health insurance benefit package. For the 2018-2019 school year, the District will continue to offer the annual health risk assessment incentive of up to $250 per employee. Should there be any surplus once the District has set aside funds to pay all fully insured premiums, all self-insured incurred claims, all administrative costs associated with the health insurance benefits package, and funded the insurance reserve/surplus account to the level identified by the District Insurance Committee, then such surplus will be placed in the above, all -ums, all self...
be placed in the insurance reserve/surplus account and the Board and Union will meet to decide how best to utilize excess funds, which may include application of funds applied towards the insurance costs and/or reserve for the 2020 plan year. Should increases in costs for the products and services contained in the health insurance benefit package require an additional District contribution in excess of the operating dollars budgeted for the 2019 benefit year, the Board and the Union will meet to decide how to balance any such deficit.

In addition, the alternative “opt-out” program shall be provided to bargaining unit members with existing coverage who do not choose one of the Board-approved health insurance plans. The amount of this “opt-out” will be $1,200.

Effective with the 2013-2014 school year, employees receiving the District’s health insurance benefit package who terminate employment after working through the final day of his/her respective work calendar shall continue to receive Board contributions towards his/her health insurance benefit package through the end of August of that plan year.

Due to the need to expend some of the grant-funded portions of the salary increases included in this economic proposal prior to the end of the District’s fiscal year, any tentative agreement to the terms of this economic proposal shall only be valid until May 31, 2019. Should employee ratification of the entire collective bargaining agreement not occur on or before this date, both parties understand that this tentative agreement shall be null and void and a new tentative agreement will need to be negotiated based on the funding available at that time.

Memorandum of Understanding Differentiated Accountability Schools Training April 13, 2019

The parties agree that this MOU will be in effect for the 2018-2019 and 2019-2020 school years. provided no changes are made to the Differentiated Accountability system by the Florida Legislature or Florida Department of Education. In August 15% of each calendar year. When identified, the District shall provide USEP the list of schools for which the following provisions apply.

Florida Statute 1001.42(21) provides that school districts shall negotiate special provisions in their contract with the appropriate bargaining units to free schools with a school grade of “D” or “F” from contract restrictions that limit the school’s ability to implement programs and strategies needed to improve student performance. The negotiations shall result in a memorandum of understanding that addresses the selection, placement, and expectations of instructional personnel and provides principals with the autonomy described in §1012.28(8).

Staff at Differentiated Accountability (DA) schools will be provided additional professional development supports ongoing throughout the year. The first three (3) calendared Up to two (2) planning days may will be utilized for professional development, not to exceed more than three hours per planning day half of the workday.

All teachers are expected, but not required, to participate in offered professional development, as all staff members are held responsible for student outcomes. If additional professional development is scheduled outside of the school day, staff will receive the staff development stipend. The awarding of professional development points will be consistent with the Staff Development Protocol Standards. Any teacher who is unable to participate in professional development beyond the regular work-day should consult with his/her administrator to determine next steps.

As required When identified by the Florida Department of Education, teachers with a VAM score that is less than effective at a single D school will be placed on an Achievement Improvement Support Plan and receive coaching and support around their student data.

Prior to the end of the school year, if school data indicates the likelihood of a consecutive D or F grade, current student performance data will be reviewed to determine if those teachers previously identified as having a VAM score that is less than effective will be subject to involuntary transfer at the end of the school year. In the event teachers transferred under this provision receive state VAM scores at Effective or higher for the current year and the most recent year’s 3-year aggregate, they shall have the right to return at any point prior to the start of the following school year providing a vacancy exists in the same area of assignment from which the teacher was transferred.

Any school that receives two consecutive grades of D or a single grade of F may not employ any teacher identified by the Florida Department of Education as having a VAM score that is less than effective. The Union retains the right to request impact bargaining on the implementation of any additional requirements, not addressed by this MOU that are imposed on DA schools by the Florida Department of Education.

Transfer Rights

Pursuant to 1012.34 F.S., the District will monitor summative evaluation and VAM scores of the teachers in these schools. Teachers who are not rated at Effective or higher are not eligible for continued employment at these schools and may be subject to involuntary transfer. Additionally, as defined in 1012.23 15(2)(a), the District must also ensure that the percentage of temporarily certified teachers, teachers in need of improvement, or out-of-field teachers assigned to these schools, does not exceed that of the District average. Teachers falling into these categories at a Differentiated Accountability School may be subject to involuntary transfer to the degree needed to bring the school into compliance with Florida law. Both parties understand that any transfers into DA schools may be limited by the criteria identified above. Nothing contained in this MOU is intended to in any way limit or alter the statutory rights of the Board, Superintendent, and teachers under Florida Statutes 1012.33 and 1012.335.

Pine View Middle School MVP MOU February 20, 2018
Pine View Middle School (PVMS) became an International Baccalaureate (IB) Middle Years Programme (MYP) Candidate School at the start of the 2015-2016 school year. The Middle Years Programme is a research-based, international educational program that strongly supports rigor for all students. To sustain a Middle Years Programme, the International Baccalaureate has standards and practices that must be met by all schools seeking authorization and IB World Schools. In order to meet the standard of “ongoing development”, the school must have a consistent schedule that allows full implementation of the MYP. In order to meet and sustain the requirements of the Middle Years Programme, Pine View Middle School requires a 7-period day. For the duration of this MOU, PVMS will have a 7-period school day with each period being 47 minutes. Instructional staff will teach five of seven periods daily and will retain a 30-minute duty-free lunch. The two 47-minute planning periods will be treated as planning periods as described in the Instructional Master Contract. Article VII, Section 5.

Teachers currently assigned to PVMS will be offered the opportunity to enter the involuntary transfer process for placement at another school for the 2018-2019 school year. Teachers from other schools who are being involuntarily transferred because of staff reductions shall have priority in transfer and may be placed prior to teachers requesting a transfer out of PVMS. This transfer process will not be offered for future years of this MOU.

USEP PROPOSAL #1

MEMORANDUM OF UNDERSTANDING
Voluntary Coverage Process
In recognition of the additional responsibilities that are assumed by instructional staff when they provide voluntary class coverage, and in an effort to better assess the district’s utilization of voluntary coverage, the Board and Union agree to implement a Voluntary Coverage process for the 2018-2019, 2019-2020, and 2020-2021 school year. This process will allow the Board and Union to acknowledge teachers who agree to provide voluntary class coverage during their planning period or who assume additional instructional responsibilities by receiving students from split classes without diverting funds away from the money that is available to improve salaries for all teachers. Teachers providing voluntary class coverage during their planning period in classes for which substitutes are not secured shall be given compensatory time as follows:

1. This process anticipates that coverage is being provided for the entire duration of the volunteering teacher's planning period, and that the amount of compensatory time earned shall be commensurate with the length of the period being covered.
2. Compensatory time should only be utilized during non-student contact time and must be approved in advance by the principal.
3. Compensatory time must be utilized in the increments in which it is earned.
4. Teachers may request, and principals retain the discretion to approve, the use of more than one compensatory time increment at a time.
5. Compensatory time must be used within the school year it is earned and cannot be carried forward from one school year to the next. In addition, compensatory time earned under this plan has no terminal value should a teacher's employment be separated mid-year.
6. Site-based administration shall be responsible for tracking the accumulation and use of compensatory time through this process.
7. Nothing contained in this process prevents individual schools from providing additional recognition to teachers who agree to provide coverage for absent teachers beyond the terms of this process.
8. While no limits currently exist as to how frequently an individual teacher can agree to provide coverage under this process, regular planning and collaboration time is an important part of the teacher workday and should not be missed on a regular basis.

Teachers receiving additional students for the purpose of providing coverage when a substitute has not been secured shall be given 30 minutes of compensatory time for each half-day of coverage. Such time shall be utilized in accordance with paragraphs 2-8 above.

The Board and Union agree to monitor the utilization of this process for the 2018-2019, 2019-2020, and 2020-2021 school year, and will meet to review the process and propose recommended changes if any are needed. Both the Board and Union also agree to meet during the 2017-2018 school year to discuss concerns relative to and seek remedy for the splitting of classes as a means of coverage at the elementary and secondary levels.

Opening of Wendell Krinn Technical High School MOU
February 20, 2018

On or around June 30, 2018, the District will close Ridgewood High School (RHS). Beginning with the 2018-2019 school year the District will open its first technical high school, Wendell Krinn Technical High School.

Staffing Instructional Positions for 2018-2019
Prior to the end of the 2017-2018 school year, instructional positions at the new technical high school will be advertised for the 2018-2019 school year and beyond. Teachers may apply to the new technical high school for any position for which they are qualified.

To ensure the success of the new technical high school, and in recognition of the requirement of an extended work day and required additional period of instruction, WKTHS will be exempt from the provisions of Article VII, Sections F & G, to the extent that they require WKTHS to accept the transfer of a teacher into the school without the principal's and teacher's consent. Should this school be the only option, and the teacher elects not to accept the position, the teacher must secure a position on his or her own prior to the beginning of the upcoming school year in order to remain employed with the District.

Work Day and Work Hours
Instructional staff at the new technical high school will work an eight-hour day, which is projected to be from 7:05 am to 3:05 pm for the 2018-2019 school year. During the workday, classroom teachers will teach six fifty-minute periods and receive one fifty-minute planning period.

The District anticipates that instructional staff serving at the new technical high school will be asked to attend required professional development and/or a new school retreat over the summer of 2018 to prepare for the 2018-2019 school year. Participants will be paid their regular hourly rate for all required summer hours. Participation in required summer training and/or new school retreat will be limited to no more than three (3) days. Dates of such required summer hours will be announced prior to the end of the 2017-2018 school year.

Additional Compensation
Instructional staff at the new technical high school will receive an additional thirty minutes of pay at their regular hourly rate of pay. In addition, classroom teachers will receive an additional .2 ($5000/year) for providing an additional period of instruction.

Monitoring
In order to support the success of the district's first technical high school, the Board and the Union agree to meet during the 2018-2019 school year to resolve any concerns arising from the implementation of this agreement.
