PHILOSOPHY

Recognizing the importance of School Related Personnel, the SRP of the Year Program was established to honor those who show exemplary performance in their jobs as employees of the Pasco County School System.

This is the 19th year the District School Board of Pasco County has recognized school related personnel for their contributions to the educational system. As the result of successful lobbying by FEA/United, a law was passed and funded which will provide for the selection and recognition of an SRP at the state level.

The annual SRP of the Year Program provides deserved recognition to SRP and serves to highlight the positive aspects of their contribution to excellence in education. The program is not attempting to single out any individual SRP as the best, but to honor one SRP who is representative of all the excellent SRP working for the District School Board of Pasco County.

THE SELECTION PROCESS

The selection process begins at the school level and continues to the state level.
