

BOARD PROPOSAL #1

Dual Enrollment Bonus MOU

November 15, 2018

Dual enrollment allows eligible students to have the opportunity to earn college or technical credit at local colleges. A dual enrollment student is simultaneously enrolled in both high school and college or specific technical credit courses taught by PHSC or other local institutions. These courses are counted toward high school graduation. In an effort to increase dual enrollment opportunities for students on our high school campuses, the District and Union agree to the following:

For college courses taught on a Pasco County high school campus, teachers will be paid a \$50.00 per student bonus for each student who earns a final grade of "C" or higher at the end of the semester. Payment will be made after the semester ends and grades have been verified. Bonuses shall be in addition to any regular wage or other bonus the teacher receives. In circumstances where there is a change in teacher mid-semester, any bonus amount will be pro-rated and split between the teachers of record.
