

BOARD COUNTER PROPOSAL #1

Dual Enrollment Compensation MOU

August 8, 2019

Dual enrollment allows eligible students to have the opportunity to earn college or technical credit at local colleges. A dual enrollment student is simultaneously enrolled in both high school and college or specific technical credit courses taught by PHSC or other local institutions. These courses are counted toward high school graduation. In an effort to increase dual enrollment opportunities for students on our high school campuses, the District and Union agree to the following:

For college courses taught on a Pasco County high school campus, teachers will be paid a supplement of \$925 per class section each semester. Supplements shall be in addition to any regular wage, supplement, or bonus the teacher receives. Payment of such supplements shall be prorated and paid over the period of time in which the teacher serves as the teacher of record for the class.

For the Board

8/8/19

Date

For the Union
